Tiger comes out of reserve, injures 7

NAGPUR: In second such incident in just over a month, a tiger came out of the Tadoba-Andhari Tiger Reserve in Brahmapuri tehsil of Chandrapur district and attacked seven persons on Sunday. "The tiger was first spotted near Bodhli village in Talodhi range in the morning. Hundreds of people flocked to the place. When some persons tried to get close to the tiger, it attacked in self-defence, injuring three," said DFO Sanjay Thavre. "We decided to beat drums to push the tiger back into the forest. When the tiger was being pushed, it saw some people from the other side, forcing it to run towards the people beating drums injuring four," Thavre added. All injured are safe.
