Tiger found dead in ^{SFS} _{ems} MP reserve

Bhopal, Oct. 7: A tiger was found dead in Khapa range of Madhya Pradesh's famous Kanha Tiger Reserve, a top forest department official said.

"The tiger was found dead with a deep wound around its neck on Wednesday near a drain in Khapa range of Kanha, situated in eastern Madhya Pradesh," state additional principal chief conservator of forests T.R. Sharma said.

The tiger, who was about 10 to 12-year-old, possibly, had sustained injury to his neck. —PTI
